

TO: Residents and Families of Muirfield
FROM: Meredith Feher, Senior Vice President of Health Care Services
DATE: June 3, 2022
SUBJECT: COVID-19 (Coronavirus) Update

We learned last evening that an employee of Muirfield has tested positive with COVID-19. This employee last worked on May 31st and is experiencing mild symptoms. Per our protocols, this employee will remain in quarantine for the designated time period in accordance with state guidelines. There are currently no residents of the Health Care Center actively positive with COVID-19.

Any direct contacts have been notified and will be monitored for any signs and symptoms associated with the virus. Our Medical Director, Dr. Charlie Breish, is involved and overseeing the medical care protocols for this situation. We continue to follow the current testing and restriction guidelines from all appropriate governing bodies for Skilled Nursing.

Residents are being closely monitored by our staff on an ongoing basis for any signs or symptoms. We are urging everyone to closely monitor themselves for any signs of illness and we continue to ask you not visit if you have been exposed or you are experiencing any symptoms.

We greatly appreciate your continued support in helping to keep the Waverly Heights community safe and healthy. If you have any questions or concerns please do not hesitate to reach out.
