

TO: Residents and Families of Muirfield
FROM: Meredith Feher, Senior Vice President of Health Care Services
Laura Santangelo, Nursing Home Administrator
DATE: July 29, 2022
SUBJECT: COVID-19 (Coronavirus) Update

We learned this evening that an additional resident of Muirfield has tested positive for COVID-19. Due to presenting symptoms the resident was tested and subsequently hospitalized. Following admission to the hospital, Waverly Heights was notified of the positive test result. At this time, we currently have one resident in Muirfield and one resident in the hospital positive for COVID-19.

Any direct contacts have been notified and will be monitored for any signs and symptoms associated with the virus. Our Medical Director, Dr. Charlie Breish, is involved and overseeing the medical care protocols for this situation. We continue to follow the current testing and restriction guidelines from all appropriate governing bodies for Skilled Nursing.

Residents and staff are being closely monitored on an on-going basis for any signs or symptoms. We are urging everyone to closely monitor themselves for any signs of illness and we continue to ask you not visit if you have been exposed or you are experiencing any symptoms.

We greatly appreciate your continued support in helping to keep the Waverly Heights community safe and healthy. If you have any questions or concerns please do not hesitate to reach out.
