

July 15, 2022

Dear Residents and Employees,

Thank you for continuing to be vigilant with face mask wearing throughout our community. We continue to monitor the COVID positivity rate in Montgomery County and are concerned with the high levels we are seeing. The current rate of community spread is just over 14%, which is up 2% over the previous week.

Currently at Waverly Heights there are three residents in Independent Living and three employees who have tested positive. Since all have been vaccinated and boosted, fortunately, their symptoms are mild to moderate.

We ask at this time that you strongly consider wearing your face mask when outside of Waverly Heights so that you can have an extra layer of protection from contracting the virus.

As always, please report to the Wellness Office at x8746 if you are experiencing any symptoms.

Thank you for your ongoing cooperation.

Sincerely,

A handwritten signature in blue ink that reads "Thomas P. Garvin".

Thomas P. Garvin
President & CEO

Face Masks Reminder

Your mask should be worn over your nose, mouth and chin:

- Always wash your hands before and after wearing a mask.
- Use the ties or loops to put your mask on and pull it off. Don't touch the front of the mask when you take it off.
- Put the mask on and remove it while inside your home. Wear your mask in hallways, elevators and stairwells, and in all Carlton Commons public areas and in all areas of the Health Care Center.
- Please keep your mask stored in a paper bag when not in use.
- If you prefer, you can also wear a bandana or scarf over your nose and mouth.

If you have any questions or need a face mask, please contact the Front Desk at "0". Thank you for your continued cooperation.
